Having trouble enrolling?

Try these BASIC TROUBLESHOOTING TIPS

- Make sure you have a "pays for" relationship with your enrolled child. If not, Mind Body thinks you are trying to enroll yourself.
- Make sure you are not trying to enroll yourself by accident.
- Make sure your child has a Date Of Birth. If there is no DOB, Mind Body doesn't know how old your child is and can't enroll them.
- Make sure you have the correct location selected.
